

We all went to the Dentist

We do our best to brush brush brush but we still need to visit the dentist!

Fortunately there were no big problems with all our growing teeth. Phew! There were some small fillings done and scaling for those that needed it. Kripa Pun had her braces successfully removed after they did a good job.

We would like to give a big thank you to Dr Suman Lal Shrestha at Smile Dental Care in Gairapatan who gave us excellent service and at a big discount. They can be reached at tel#: 061 - 540606 if you have had too much candy!

What We're Up To

Hanging out!

Jenga!

Music!

Spring School Update

All the kids passed all their exams! Well done boys and girls!

Sameer and Habil, who excelled in their SEE exams last year, are now we into their science specialization in 11th grade and have passed their first exam. We're excited to see where these two bright chaps will go in their studies!

Another student who we're cheering on is Rabindra Shrestha who is doing well in his 9th grade Civil Engineering course. Maybe he'll be the one to build us a new play ground!

Introducing: Santosh Joshi

Santosh Joshi stayed with us at SEOD for 5 years. His mother is HIV+ and he has courageously decided to move back home to help look after her.

SEOD is proud to sponsor his monthly expenses as he continues his studies via home-school.

Scholarship Program

SEOD supports 20 rural students each year through a scholarship program. Economically disadvantaged students are selected from the Lwang Ghalel area and are given a NRS 1500 monthly stipend to assist in their school fees and support home costs. This amount will encourage their families to keep them in school as opposed to their working full time to support their homes.

SEOD director Aaditya Chand took a spring site visit to 6 of the schools in the area and was pleased to see the students and their teachers doing well.

What is SEOD

Student Education Organization Development is home to 13 wonderful children who are either orphaned, abandoned or rescued from abusive family members. Our aim is to not only provide these children with a place to grow up, but to create a real home; a place which gives them the safety, warmth and love of a family and helps them recover from their often traumatic experiences. With the help of our dedicated team and house mother, Uma, we take care of each child's individual needs and interests. Our ultimate goal is to provide a strong platform so our kids can safely and happily reintegrate with society and succeed in their life.

We rely on your kind contributions to keep our home going. Thank you

If you would like to make a difference to the children at SEOD please donate to:
